

Dear Friends

adapted from a Traditional English Round

Voice 
Dear friends, queer friends, Let me tell you how I am feel - ing.

Vo. ⁵ 
You have giv - en me su - ch plea - sure. I love you so.

This beautiful song is one of the first I learned. The lyrics and the words express what a gathering is all about: friendship, love and connection. I consider it one of the core songs of the faerie oral tradition.
